ABOUT ME

BCA graduate (2026) with hands-on experience across full-stack (MERN) development, AI/ML, and software testing, built through two internships and two hackathons. Delivered a live-dashboard feature as part of a 5-member agile team that improved delivery speed by 25%, and independently built a full-stack AI career-guidance chatbot using Flask and NLP. Looking to bring practical development and QA skills to an entry-level software role and grow into a dependable, high-performing team member.

TECHNICAL SKILLS

- **Programming:** C, Python, Java, JavaScript
- **Web & Full Stack:** HTML5, CSS3, React, Node.js, Express.js, MongoDB, REST APIs
- **AI/ML:** scikit-learn, NLTK, spaCy, Pandas, Flask
- **Testing & QA:** Manual Testing, Cross-Browser Testing, Bug Tracking, Agile/Scrum Workflow
- **DevOps & Cloud:** Git, GitHub, Linux Basics, DevOps Fundamentals, Microsoft Azure Fundamentals
- **Tools & Platforms:** VS Code, MS Office, Linux, SQLite

PROJECTS

AI Career Guidance Chatbot

Dec 2025 – Apr 2026

Flask · scikit-learn · NLTK · spaCy · SQLite · REST API

- Designed and built a full-stack AI chatbot delivering personalized career recommendations through NLP, with a REST API, SQLite database, and a responsive HTML/CSS/JS interface.

Student Placement Prediction System

Python · Pandas · scikit-learn · Tkinter

- Trained a Random Forest model to predict student placement outcomes and delivered real-time predictions through an interactive Tkinter GUI to support placement readiness evaluation.

Reservation System (Hackathon)

HTML · CSS · JavaScript · Python

- Built a government-style online train reservation booking application as part of a hackathon team.

Scholarship Application Platform (Hackathon)

GitHub · AI Chatbot Integration

- Built a scholarship application platform integrating an AI chatbot to guide and simplify the application process for students.

INTERNSHIPS

MERN Full Stack Development Intern — ADHOC Network, Srikakulam

May 2025 – Jul 2025

- Built and deployed responsive web applications as part of a 5-member agile team using MongoDB, Express.js, React, and Node.js, improving delivery speed by 25%.
- Delivered a real-time live-dashboard/notifications feature module, integrating REST APIs and Git/GitHub version control within an agile sprint workflow.

Software Development Intern — Vidrutha Solutions, Srikakulam

Dec 2025 – Apr 2026

- Led development of the AI Career Guidance Chatbot and the Student Placement Prediction System (see Projects).

CERTIFICATIONS

- Python Essentials — Cisco NetAcad
- C Programming — Cisco NetAcad
- Microsoft Azure Fundamentals — Digisaksham
- HTML5 Application Development — Certiport
- AI & Machine Learning — U-Learn
- MePro – English Language Proficiency — Pearson

NOTABLE ACHIEVEMENTS

- Maintained a 7.81/10 CGPA while completing 6 industry certifications and 2 internships within the same academic period.
- Improved team delivery speed by 25% through agile collaboration during MERN internship.
- Built and shipped 4 projects (2 hackathon, 2 internship-based) spanning full-stack development and AI/ML.

EDUCATION

Bachelor of Computer Applications (BCA)

2023 – 2026

Sri Aditya Degree College, Kakinada | Srikakulam | CGPA: 7.81 / 10
